

## DEAR PASSENGER,

Paragliding is a great experience and straight forward adventure. To be well prepared, here you will find all the information needed.

## WEIGHT RANGE

We fly with people from **min. 25 kg - max. 95 kg** (min. 55 lb - max. 210 lb) body weight.

## KNOW-HOW

You don't need any experience – you will be flying with a highly experienced pilot who will brief you thoroughly.

## FITNESS

Takeoff requires some physical agility and a few determined running steps downhill. If you have any health problems, please let us know ahead of time.

## KIDS & TEENAGERS

can also take part. Basically there is no age limit. Minors require the **written consent of their legal guardians.**

## CLOTHING & SHOES

Wear sturdy shoes (over the ankle reaching), sufficient warm clothing, windbreaker jacket, gloves and sunglasses! If required we will provide boots free of charge.

## FOTO & VIDEO SERVICE

We capture your flight adventure with GoPro action cameras. Spectacular photo and video shots convey an authentic on-board feeling and leave watchers wanting more. You get the memory card with the entire footage to take away. No pre-booking needed. Simply order with your pilot. Pay on site.

**FOTO 35€ • FOTO & VIDEO 50€ • memory card included**

## PAYMENT

Online there are various payment methods to choose from. On site we accept cash and credit card.

## FLIGHT WEATHER

Sunshine does not necessarily mean good flying weather. Conversely, an overcast sky is not a sign of bad flight conditions. Factors such as wind speed and wind direction are crucial. To clear up any uncertainties, contact us for a weather check.

## WEATHER CHECK

Flight weather forecasts are only accurate for a short term. If appointments have to be rescheduled or cancelled due to weather conditions, we usually communicate this one day before. Sometimes this can only be decided on the day of flight.

## CANCELLATION BY FLY ROYAL

In case of cancellation of the appointment by FLY ROYAL due to weather conditions, the flight price is not due. Online bookings are 100% refundable. Vouchers retain their validity. There are no fees.

## CANCELLATION BY CUSTOMER

> 3 days before flight date = no fee  
< 3 days to > 24 hours = 50€ per flight  
< 24 hours = 100% of the booking value

## SCHEDULING

Plan your flight day with plenty of time. The experience lasts between 1 ½ and 2 hours.

## AVAILABILITY

Keep your mobile on receive! In case of changes or delays we will inform you by phone.

## SPECTATORS

In our flying areas the respective landing sites are best suited for spectators.

## CABLE CAR

Waiting times can be bypassed by pilot + passenger only (VIP entrance).

## INFRASTRUCTURE

Meeting point, bus stop, parking spaces, cable car station, takeoff and landing site, beer garden and landing bar - all in close proximity to each other.

## MEETING POINT

Please be at the respective meeting point 15 minutes before your appointment. Here you can store luggage and will receive your gear.

- **Tegelberg mountain | Neuschwanstein Castle**

**Tegelbergstrasse 33, Schwangau 87645**

FLY ROYAL Shop on landing site  
(access road to cable car station).

- **Breitenberg mountain | Pfronten town**

**Tirolerstraße 176, Pfronten 87459**

In front of the entrance area of the cable car valley station.

## POSSIBLE INCOMPATIBILITY

Do not fly on a full stomach. In case of known travel sickness it is recommended to take travel medication beforehand. Communicate incompatibilities with your pilot before and during the flight.

## LET'S FLY!

At the meeting point and during the cable car ride up the mountain you will get to know your pilot and have time for open questions.

Safety Briefing: at launch site your pilot will give you detailed instructions. The harness gets buckled on and takeoff sequence will be practiced. Now physical agility and determination are required!

Take-off: you as a passenger must actively contribute to the success of the take-off. To do so, you must accelerate down the slope under your own power and not stop running until your pilot asks you to. **This is crucial for a safe take-off!**

Landing: pilot and passenger can easily chat in flight. The harness is safe and comfortable. Landing is smooth and easy and can be done either upright on your feet or in sitting position on the harness.

**THANK YOU FOR YOUR ATTENTION.**
